| <p>Paper and Fabric</p> <p>To use a range of materials creatively to design and make products To improve their mastery of art and design techniques, including drawing, painting and sculpture with a range of materials</p> | <p>Collage is an art technique where different materials are layered and stuck down to create artwork.</p> <p>Funny Faces and Fabulous Rain and Sunrays Everyday Materials (Sci) Animal Parts (Sci)</p> | <p>Art papers have different weights and textures. For example, watercolour paper is heavy and has a rough surface, drawing paper is of a medium weight and has a fairly smooth surface and handmade paper usually has a rough, uneven surface with visible fibres. Different media, such as pastels, or watercolour paint, can be added to papers to reveal texture and the rubbing technique, frottage, can be used to create a range of effects on different papers.</p> <p>Flower Head Uses of Materials (Sci)</p> | <p>Warp and weft are terms for the two basic components used in loom weaving. The lengthwise warp yarns are fixed onto a frame or loom, while the weft yarns are woven horizontally over and under the warp yarns.</p> <p>Beautiful Botanicals</p> | <p>Stitches include running stitch, cross stitch and blanket stitch.</p> <p>Functional and Fancy Fabrics (DT)</p> | <p>Traditional crafting techniques using paper include, casting, decoupage, collage, marbling, origami and paper making.</p> <p>Taotie Mixed Media</p> | <p>Materials have different qualities, such as rough or smooth, hard or soft, heavy or light, opaque or transparent and fragile or robust. These different qualities can be used to add texture to a piece of artwork.</p> <p>Bees, Butterflies and Beetles</p> |
| <p>Paint</p> <p>To use a range of materials creatively to design and make products To improve their mastery of art and design techniques, including drawing, painting and sculpture with a range of materials</p> | <p>The primary colours are red, yellow and blue.</p> <p>Street View Rain and Sunrays Mix It</p> | <p>The secondary colours are green, purple and orange. These colours can be made by mixing primary colours together.</p> <p>Flower Head Mix It Still Life</p> | <p>Examples of contrasting colours include red and green, blue and orange, and yellow and purple (violet). They are obviously different to one another and are opposite each other on the colour wheel.</p> <p>Contrast and Complement (y3)</p> | <p>Warm colours include orange, yellow and red. They remind the viewer of heat, fire and sunlight. They can make people feel happy and they look like they are in the foreground of a picture. Cool colours include blue, green and magenta. Cool colours remind the viewer of water, ice, snow and the sky. They can make people feel calm or lonely and they recede into the background of a picture.</p> <p>Vista Contrast and Complement (y4)</p> | <p>A tint is a colour mixed with white, which increases lightness, and a shade is a colour mixed with black, which increases darkness.</p> <p>Sow, Grow and Farm (Geog) Expression Tints, Tones, Shades</p> | <p>Different artistic movements often use colour in a distinctive way. Expressionist artists use intense, non-naturalistic colours. Impressionist artists use complementary colours. Fauvist artists use flat areas or patches of colour. Naturalist artists use realistic colours.</p> <p>Inuit Trailblazers, Barrier Breakers Tints Tones and Shades (y6) Distortion and Abstraction Bees, Beetles and Butterflies</p> |
| <p>Printing</p> <p>To use a range of materials creatively to design and make products To improve their mastery of art and design techniques, including drawing, painting and sculpture with a range of materials</p> | <p>A print is a shape or image that has been made by transferring paint, fabric paint, ink or other media from one surface to another.</p> <p>Mix It Rain and Sunrays</p> | <p>A block print is made when a pattern is carved or engraved onto a surface, such as clay or polystyrene, covered with ink, and then pressed onto paper or fabric to transfer the ink. The block can be repeatedly used, creating a repeating pattern.</p> <p>Flower Head</p> | <p>A two-colour print can be made in different ways, such as by inking a roller with two different colours before transferring it onto a block, creating a full print then masking areas of the printing block before printing again with a different colour or creating a full print then cutting away areas of the printing block before printing again.</p> <p>Ammonite Beautiful Botanicals</p> | <p>Different printmaking techniques include monoprinting, engraving, etching, screen printing and lithography.</p> <p>Functional and Fancy Fabrics (DT) Animal</p> | <p>Some artists use text or printed images to add interest or meaning to a photograph.</p> <p>Mixed Media Expression</p> | <p>Printmakers create artwork by transferring paint, ink or other art materials from one surface to another.</p> <p>Inuit Bees, Beetles and Butterflies</p> |
| <p>Pencil, Ink, Charcoal and Pen</p> <p>To use a range of materials creatively to design and make products To improve their mastery of art and design techniques, including drawing, painting and sculpture with a range of materials</p> | <p>Soft pencils create darker lines and are marked with a B for black. Hard pencils create lighter lines and are marked with an H for hard.</p> <p>Different types of line include zigzag, wavy, curved, thick and thin.</p> <p>Bright Lights, Big City (Geog) Rain and Sunrays Animal Parts (Sci)</p> | <p>Textures include rough, smooth, ridged and bumpy. Tone is the lightness or darkness of a colour. Pencils can create lines of different thicknesses and tones and can also be smudged. Ink can be used with a pen or brush to make lines and marks of varying thicknesses, and can be mixed with water and brushed on paper as a wash. Charcoal can be used to create lines of different thicknesses and tones, and can be rubbed onto paper and smudged.</p> <p>Flower Head</p> | <p>Hatching, cross-hatching and shading are techniques artists use to add texture and form.</p> <p>Ammonite People and Places</p> | <p>Pen and ink create dark lines that strongly contrast with white paper. Pen and ink techniques include hatching (drawing straight lines in the same direction to fill in an area), cross-hatching (layering lines of hatching in different directions), random lines (drawing lines of a variety of shapes and lengths) and stippling (using small dots). Light tones are created when lines or dots are drawn further apart and dark tones are created when lines or dots are drawn closer together.</p> <p>Vista Animal Statues, Statuettes and Figurines</p> | <p>Ink wash is a mixture of India ink and water, which is applied to paper using a brush. Adding different amounts of water changes the shade of the marks made. Ink wash can be used to create a tonal perspective, light and shade.</p> <p>Taotie Line Light and Shadows</p> | <p>Line is the most basic element of drawing and can be used to create outlines, contour lines to make images three-dimensional and for shading in the form of cross-hatching. Tone is the relative lightness and darkness of a colour. Different types of perspective include one-point perspective (one vanishing point on the horizon line), two-point perspective (two vanishing points on the horizon line) and three-point perspective (two vanishing points on the horizon line and one below the ground, which is usually used for images of tall buildings seen from above).</p> |
